**Information Memorandum on Right Offering of Newly issued Ordinary Shares
of Demeter Corporation Public Company Limited**

1. Details of the Offering, Offering and Allocation Method

The Board of Directors' Meeting No. 4/2019 of Demeter Corporation Public Company Limited (the "Company") held on March 11, 2019 have approved the Company's registered capital increase by THB 1,174,815,544 from the current registered capital of THB 587,407,772 to be THB 1,762,223,316 by issuing not exceeding 1,174,815,544 newly issued ordinary shares at the par value of THB 1 per share.

This right offering of the ordinary shares shall offer not exceeding 1,174,815,544 newly issued ordinary shares at the par value of THB 1 per share to the Company's existing shareholders, at the ratio not over than 200 percent of all issued and sold ordinary shares after offering for sale to the existing shareholders, as per the following details:

- (1) The Company approved the allocation of not exceeding 1,174,815,544 newly-issued ordinary shares, at the par value of THB 1 per share, in order to offer for sale to the existing shareholders proportionate to their respective shareholdings (Rights Offering), at the allocation ratio of 1 existing ordinary share to 2 newly-issued ordinary shares, at the offering price of THB 0.50 per share. Such price is discounted from the closing price of the Company's shares traded on the Stock Exchange on March 11, 2019, which is the date on which the Board of Directors resolved on this matter.

In this regard, as the Company incurred accumulated losses as shown in the separate Financial Statement for the accounting period ending December 31, 2017 (audited version), the Company may determine the offering price of the newly-issued ordinary shares to be lower than the par value, whereby the Company shall be required to comply with Section 52 of the Public Limited Companies Act B.E. 2535 (1992) (including any amendment thereto) and to obtain approval thereof from its shareholders meeting.

- (2) The shareholders may subscribe for the newly-issued ordinary shares in excess of their rights (oversubscription), provided that the oversubscribing shareholders shall be entitled to the oversubscription shares only after there are shares remaining from the allocation to the existing shareholders who subscribe for the shares in accordance with their rights.

In allocating the newly-issued ordinary shares to the existing shareholders proportionate to their respective shareholdings (Rights Offering), in the case where there are newly-issued ordinary shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering), the Company shall allocate such remaining shares to the existing shareholders wishing to oversubscribe, at the same offering price as the shares which are allocated in accordance with the rights as follows:

- (a) In the case where the number of shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering) is higher than or equivalent to the number of shares oversubscribed by the existing shareholders, the Company shall allocate the remaining shares to all oversubscribing shareholders who pay for the oversubscription price, in accordance with the number of shares for which they oversubscribed

- (b) In the case where the number of shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering) is lower than the number of shares oversubscribed by the existing shareholders, the Company shall allocate the remaining shares to the oversubscribing shareholders in accordance with the following stipulations:
 - (1) The Company shall allocate the shares in a number proportionate to the existing shareholding of each oversubscribing shareholder by multiplying the shareholding of each oversubscribing existing shareholder with the number of the remaining shares, resulting in the number of shares to which each oversubscribing shareholder is entitled to. In the case of a fraction of a share, the fraction shall be rounded down. In this regard, the number of shares under the allocation shall not exceed the number of shares for which each shareholder subscribed and paid

 - (2) In the case where there are shares remaining from the allocation under (1), the Company shall allocate the remaining shares to each oversubscribing shareholder who has not been allocated in accordance with their existing shareholding by multiplying the shareholding of each oversubscribing existing shareholder with the number of the remaining shares, resulting in the number of shares to which each oversubscribing shareholder is entitled to. In the case

of a fraction of a share, the fraction shall be rounded down. In this regard, the number of shares under the allocation shall not exceed the number of shares for which each shareholder subscribed and paid. The Company shall conduct the allocation with respect to the oversubscription in accordance with the procedures under this clause until there are no shares remaining from the allocation

Any case of the allocation of oversubscription shares in accordance with the details above must not result in any oversubscribing shareholder holding the shares of the Company in the number that reaches or surpasses the trigger point requiring such shareholder to make a tender offer as specified under the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 Re: Rules, Condition and Procedures for the Acquisition of Securities for Business Takeovers.

In the case where there are shares remaining from the allocation to the existing shareholders proportionate to their respective shareholding (Rights Offering) and the allocation with respect to the oversubscription, the Company shall carry out the decrease of its registered capital by cancelling the newly-issued ordinary shares remaining from the offer for sale

- (3) The Board of Directors' Meeting authorized the Board of Directors or the Executive Committee or the Chief Executive Officer or the person authorized by the Board of Directors or the Executive Committee or the Chief Executive Officer to consider setting out rules, conditions and other details necessary for and in connection with the issuance and allocation of the newly issued ordinary shares as necessary and appropriate, subject to the applicable laws, including but not limited to, the record date to determine the list of shareholders entitled to subscribe for the newly issued ordinary shares, the date of offering of the newly issued ordinary shares and share payment procedures, etc.
- (4) The right to subscribe for and receive the allocation of such newly issued ordinary shares shall remain uncertain until the approval from the Annual General Meeting of Shareholders' Meeting No. 1/2019 shall have been obtained.

Please refer to further details in the Capital Increase Report Form (Enclosure 2).

2. Purpose of Capital Increase and Plane for Use of Proceeds

The Company will use the proceeds from the issuance and allocation of the newly issued ordinary shares by way of right offering as the source of funds for the Company's business operations in the past, and/or as its working capital for the Company's current business operations and/or for its business expansion in the future, in which the Company explore the feasibility study on the media business and other business i.e., innovation and future technology business which incur a high remuneration including a renewable energy. The issuance and allocation of the newly issued ordinary shares will help increase the financial liquidity of the Company.

The above plan for use of proceeds is subject to change, depending on the Company's operating results, cash flows, business plan, investment plan, requirements and other justifications as the Board of Directors may deem fit, primarily taking into account the interests of the Company and its shareholders.

3. Potential Impact of Shareholders from Issuance and Offering of Newly Issued Ordinary Shares to the Company's Existing Shareholders by way of Rights Offering

3.1 Price Dilution

Price Dilution's Formula

$$= \frac{\text{Market price before offering (P0)} - \text{Market price after offering (P1)}}{\text{Market price before offering (P0)}}$$

Market price before offering's Formula (P0)

Market price before offering can be calculated by weighted average price traded in SET during 15 trading days prior to the capital increase resolution by the Board of Director to propose this agenda to the Extraordinary General Meeting of Shareholders No. 1/2019, which is during February 18 to March 8, 2019. The market price before offering therefore is THB 0.92 per share. (Refer to SETSMART, www.setsmart.com)

Market price after offering's Formula (P1)

$$= \frac{(\text{current shares} \times \text{market price}) - (\text{newly issued shares} \times \text{offering price})}{(\text{current shares} + \text{newly issued shares})}$$

Thus, the price dilution is THB 0.64 per share.

3.2 Control Dilution

The formula for the Control Dilution will be as follows:

Calculated from the paid-up shares as of the Board of Director Meeting No. 4/2019 held on March 11, 2019 which resolved to approve the Company's registered capital increase. Which the paid-up shares are equal to 587,407,772 shares

$$= \frac{\text{Number of newly shares}}{\text{Paid-up shares} + \text{Number of newly shares}} ;$$

$$= \frac{1,174,815,544}{587,407,772 + 1,174,815,544} ;$$

$$= 67\%$$

3.3 Earnings per Share Dilution

Earnings per Share Dilution will depend on the business operation as of the Company issue and allocate the newly issued ordinary shares to the existing shareholder based on the shareholding portion by way of right offering (Right Offering) which is expected to be in May 2019 which effect the earning per share dilution of the shareholders which require to use an information from the latest company's performance for the calculation purpose.

4. Opinions of the Board

4.1 Rationale and Necessity for Capital Increase and Justifications for Capital Increase

The Company will use the proceeds from the issuance and allocation of the newly issued ordinary shares by way of right offering as the source of funds for the Company's business operations in the past, and/or as its working capital for the Company's current business operations and/or for its business expansion in the future, in which the Company explore the feasibility study on the media business and other business i.e., innovation and future technology business which incur a high remuneration including a renewable energy. The issuance and allocation of the newly issued ordinary shares will help increase the financial liquidity of the Company.

4.2 Possibility of the Plan for Use of Proceeds and Sufficiency of Source of Funds

The Company anticipates that the issuance and offering of shares to the existing shareholders by way of rights offering, and the receipt of such proceeds from the share offering, shall be completed by May 2019.

For the plan for use of proceeds for future investment, this remains pending feasibility study and justifications for investment. Should the study results be satisfactory, and the Company decide to invest in such projects, the Company shall comply with the relevant criteria, rules and regulations of the Office of the Securities and Exchange Commission and the Stock Exchange of Thailand. Should the Board of Directors have resolved to grant approval for such projects, the Company shall keep the Stock Exchange of Thailand, the shareholders and investors updated accordingly.

4.3 Potential Impact on the Company's Business Operations, Financial Position and Overall Operational Results

This capital increase is intended for the Company to derive funds to repay its debts and expand its business after the Company's business restructuring, so as to minimize risks in the Company's business operations, which will help improve the Company's profitability. In addition, the offering of the newly issued ordinary shares will boost the Company's cash flows and liquidity, improve the Company's debt to equity ratio, and secure reserve funds for further investment in such business with high potential and growth rate, in the best interests of the Company and all shareholders.

5. Certification of the Board of Directors on Capital Increase

In the event where any director of the Company fails to perform his/her functions with integrity and due care to protect the Company's interests in this capital increase, and such failure has caused damage to the Company, the Company may claim damages from such director, failing which, the shareholders representing in aggregate not less than 5 percent of all issued shares shall be entitled to demand the Company to make such claim. If the Company fails to proceed in accordance with the shareholders' demand, the shareholders may take legal actions to claim damages from such director on behalf of the Company pursuant to Section 85 of the Public Limited Companies Act B.E. 2535 (1992) (as amended). In the event where the failure to perform such functions has caused any directors to be held liable to return any benefits, the shareholders representing in aggregate not less than 5 percent of all voting rights may demand the Company to do so, failing which within 1 month from the date of receipt of the shareholders' notice, the shareholders may take legal actions to recover such benefits from the directors

on behalf of the Company pursuant to Section 89/18 of the Securities and Exchange Act B.E. 2535 (1992)
(as amended).

The Company hereby certifies that the information in this report is correct and complete in all respects.

- (2) The Board of Directors, and/or the Chief Executive Officer, and/or any person appointed by the Board of Directors and/or the Chief Executive Officer, shall be authorized: (a) to consider and determine the details of the allocation of the newly-issued ordinary shares for the purpose of offering for sale to the existing shareholders proportionate to their respective shareholdings to

be in compliance with the laws and regulations governing the issuance and offer for sale of the securities under the Thai law and any foreign laws and regulations; (b) to determine or change the details of the allocation, such as whether the newly-issued ordinary shares shall be allocated on one occasion or more, or any alterations to the offering period, allocation ratio, offering price, payment method, or any other details with respect to the allocation and the offer for sale, e.g. changing of the Record Date for the allocation of the newly-issued ordinary shares; (c) to execute application forms for permission and waivers, notices, as well as any documentation relevant to the allocation of the newly-issued ordinary shares, including to contact and file the documentation with the officials or representatives of the relevant agencies, the listing of the newly-issued ordinary shares on the Stock Exchange of Thailand (the “**Stock Exchange**”), as well as to undertake any act necessary for and relevant to the allocation of the newly-issued ordinary shares for the purpose of offering for sale to the existing shareholders proportionate to their respective shareholdings in compliance with the applicable laws; and (d) to register the amendment of the Memorandum of Association at the Department of the Business Development, Ministry of Commerce, to amend the terms in the Memorandum of Association in accordance with the registrar’s order in order to complete the registration.

- (3) The Company approved the allocation of not exceeding 1,174,815,544 newly-issued ordinary shares, at the par value of THB 1 per share, in order to offer for sale to the existing shareholders proportionate to their respective shareholdings (Rights Offering), at the allocation ratio of 1 existing ordinary shares to 2 newly-issued ordinary shares, at the offering price of THB 0.50 per share. Such price is discounted from the closing price of the Company’s shares traded on the Stock Exchange on March 11, 2019, which is the date on which the Board of Directors resolved on this matter.

In this regard, as the Company incurred accumulated losses as shown in the separate Financial Statement for the accounting period ending December 31, 2017 (audited version), the Company may determine the offering price of the newly-issued ordinary shares to be lower than the par value, whereby the Company shall be required to comply with Section 52 of the Public Limited

Companies Act B.E. 2535 (1992) (including any amendment thereto) and to obtain approval thereof from its shareholders meeting.

- (4) The shareholders may subscribe for the newly-issued ordinary shares in excess of their rights (oversubscription), provided that the oversubscribing shareholders shall be entitled to the oversubscription shares only after there are shares remaining from the allocation to the existing shareholders who subscribe for the shares in accordance with their rights.

In allocating the newly-issued ordinary shares to the existing shareholders proportionate to their respective shareholdings (Rights Offering), in the case where there are newly-issued ordinary shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering), the Company shall allocate such remaining shares to the existing shareholders wishing to oversubscribe, at the same offering price as the shares which are allocated in accordance with the rights as follows:

- (a) In the case where the number of shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering) is higher than or equivalent to the number of shares oversubscribed by the existing shareholders, the Company shall allocate the remaining shares to all oversubscribing shareholders who pay for the oversubscription price, in accordance with the number of shares for which they oversubscribed.
- (b) In the case where the number of shares remaining from the first allocation to the existing shareholders proportionate to their respective shareholdings (Rights Offering) is lower than the number of shares oversubscribed by the existing shareholders, the Company shall allocate the remaining shares to the oversubscribing shareholders in accordance with the following stipulations:
- (1) The Company shall allocate the shares in a number proportionate to the existing shareholding of each oversubscribing shareholder by multiplying the shareholding of each oversubscribing existing shareholder with the number of the remaining shares, resulting in the number of shares to which each

oversubscribing shareholder is entitled to. In the case of a fraction of a share, the fraction shall be rounded down. In this regard, the number of shares under the allocation shall not exceed the number of shares for which each shareholder subscribed and paid.

- (2) In the case where there are shares remaining from the allocation under (1), the Company shall allocate the remaining shares to each oversubscribing shareholder who has not been allocated in accordance with their existing shareholding by multiplying the shareholding of each oversubscribing existing shareholder with the number of the remaining shares, resulting in the number of shares to which each oversubscribing shareholder is entitled to. In the case of a fraction of a share, the fraction shall be rounded down. In this regard, the number of shares under the allocation shall not exceed the number of shares for which each shareholder subscribed and paid. The Company shall conduct the allocation with respect to the oversubscription in accordance with the procedures under this clause until there are no shares remaining from the allocation.

Any case of the allocation of oversubscription shares in accordance with the details above must not result in any oversubscribing shareholder holding the shares of the Company in the number that reaches or surpasses the trigger point requiring such shareholder to make a tender offer as specified under the Notification of the Capital Market Supervisory Board No. TorChor. 12/2554 Re: Rules, Condition and Procedures for the Acquisition of Securities for Business Takeovers.

In the case where there are shares remaining from the allocation to the existing shareholders proportionate to their respective shareholding (Rights Offering) and the allocation with respect to the oversubscription, the Company shall carry out the decrease of its registered capital by cancelling the newly-issued ordinary shares remaining from the offer for sale.

2.2 Company procedure regarding fractions of shares
